Frequently Asked Questions

What is Rides2Wellness?

Rides2Wellness helps you get to your medical appointments by providing free transportation. This program will pick you up from your home and drop you off after the appointment. Rides2Wellness is NOT a taxi or limousine. It is a shared ride transit system that takes multiple passengers to different locations. Rides2Wellness coordinated with various transportation providers in the community. Valley Regional Transit will

schedule your ride with an available provider in your community.

Valley Regional Transit, St. Luke's, and Saint Alphonse understand that in order for you to recover, you need to make your follow-up appointments. They have teamed together to bring the Rides2Wellness Program to participating clinics.

How do I schedule my ride and my appointment?

At least 48 hours prior to your needed appointment, call Rideline at 208-345-RIDE. Let the customer service representative know you are a Rides2Wellness patient and you need to schedule a ride.
